SAD ACCIDENTAL KILLING.

A peculiarly sad accident resulted in death, near Millville, on Monday night.

It seems that two boys (cousins and devoted chums) by the names of Millard Shaw and Leonard Whittington were hunting rabbits on the side of a hill. They saw a rabbit go into a bunch of bushes and grass. Young Whittington ran to the upper side of the thicket to watch for the game, while young Shaw remained below. In the dusk Whittington thought he saw his game and fired. He was almost paralyzed when young Shaw fell screaming to the ground. He went at once to his chum's assistance and seeing that the charge of shot had entered Shaw's chest and face, at once summoned aid. Shaw was taken to his home, but all that Dr. Dorsey could do did not prevent the fatal outcome, and he died that night.

The boys were respectively of the age of ten and fifteen years—young Whittington being the elder.

Whittington is almost crazed by the accident, as he and Shaw were inseparable companions.

Shaw was the son of Mr. Sam Shaw and Whittington was the son of Mr. Alonso Whittington.

The funeral of Shaw was held on Tuesday afternoon and the remains were buried in the family burying ground of his grandfather, Mr. Joshua R. Shaw.

A HARD DEBT TO PAY.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggists. 50 cents and \$1. Trial bottle free. For sale by all druggists.

BUYS LIVERY STABLE.

Mr. James W. Shackelford, of this county, has purchased from Mr. W. F. Hearns his livery and stable, on Ann street, and has taken possession of the same. The price is a private one.

STATE ELECTION COMMISSION TO MEET.

Mr. J. Morgan Chin, the President of the State Board of Election Commissioners, has called a meeting of that body for Monday next, November 18, for the purpose of canvassing and certifying the result of the State election.

If the returns from all the counties are not all in, and adjournment can be taken until the week follow-

Judge D. Gray Falconer, of Lexington, and Judge C. R. McDowell, of Danville, are the other members of the board.

METHODIST BAZAAR.

Don't forget that the good sisters of the Methodist Church will give their bazaar and supper, which will be held at the Courthouse, on the evening of Friday, December 6th.

Lots of nice things will be for sale and then a delicious supper, all at reasonable prices. Santa Clause supplies will be on hand also.

PRISONERS ESCAPE BUT ARE RE-CAPTURED.

Two prisoners in the county jail, by the names of Thomas Grant and Price Stewart, took French leave on Friday evening, just after our paper went to press.

Stewart was under 11 years sentence for killing J. F. Dalley, but his case had been appealed. Grant was charged with forgery.

The men, strange to say, went to the old neighborhood in which Stewart had been raised, and from thence to Vercelles.

Shortly after their arrival, they were recognized and Sheriff Winn and his deputies took them in charge. Saturday morning, and Jailer Bridges notified.

On Saturday afternoon they were brought here over the Interurban Line, by Deputy McDonald and lodged in cells from which they will not soon be released.

It is thought the men had help from the outside in unlocking the iron door, but, of course, it is not known how they got out.

SESSION OF QUARTERLY COURT COURT HELD.

Judge Poisgrove held a session of the Quarterly Court during several days of this week, and many cases of an unimportant nature were disposed of during the sittings. No cause of special interest came up for adjudication.

The finest coffee substitute ever made has recently been produced by Dr. Shoop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest coffee imitation ever yet produced. Coffee imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for coffee. Capital Pharmacy.

NOVELTY STORE.

The new novelty five and ten cent store, which will be opened in the store room formerly occupied by the S. D. Johnson Co., on Main street, one day next week, by Messrs. Kagan & Bro., promises to be one of the largest establishments of the kind ever started in the Capital City. Already many hundred cases of goods have been received and are now being opened up and placed in position on the shelves. The well known reliability of the Messrs. Kagan gives ample guarantee that the public will get a square deal at the new place.

COUNTRY PLACE BURNS.

The residence known as the "Vogier Place," just above the city, on the river (and lately occupied by Deputy U. S. Marshal N. I. McDaniel, but since occupied by Messrs. W. P. (Bud) Smith Co., contractors, on the Highland Railway) was burned to the ground on Sunday afternoon about two o'clock.

The loss was about \$2,000. We do not know whether it was insured or not.

Dr. Weaver's Treatment.

When the stomach, heart or kidneys get weak, then these organs always fail. Don't drug the stomach, nor stimulate the heart or kidneys. That is simply a makeshift. Strengthen these nerves, build them up with Dr. Shoop's Restorative—take it or liquid—and see how quickly help will come. Free sample test sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth the simple test. Capital Pharmacy.

FORTY HOURS DEVOTIONS.

Two Passionist Fathers assisted Father T. S. Major and Father O'Neal in the celebration of forty hours devotions at the Church of the Good Shepherd from Wednesday morning at 9 o'clock until Friday morning. Large congregations attended these services.

ACCIDENT ON INTERURBAN.

Mr. George Snedley, who lives near Fort Spring, in Woodford county, jumped from a ballast car of the Interurban Line near that place on Saturday, slipped and fell, his foot extending under the car. The member was crushed. The young man was an employee of the road. He was taken to the hospital in Lexington, where his foot was amputated.

POW

In accordance with the order calling a special term of the Scott Circuit Court for the trial of Hon. Caleb Powers, charged with the murder of Senator Goebel, that court met at Georgetown, on Monday, with Special Judge James S. Morris presiding.

A number of preliminary motions were acted upon and, these being disposed of, Judge Morris ordered the sheriff to summon 200 jurors from Harrison county and especially directed him not to make any discrimination in summoning these jurors, noting, at the same time, that if he found such disgraceful illegal conduct he would at once discharge the panel of his own motion.

What a contrast with the actions of the judges who have presided heretofore.

A fair trial is all that Powers asks. We earnestly hope that it may be accorded, and these travesties upon justice cease.

DOUBLE SORROW

It is with the profoundest sorrow that we chronicle the death of little Miss Martha Severance, the six year old daughter of Rev. Joe M. Severance and wife, which occurred on Wednesday afternoon.

This is a double sorrow, as only last week Mary Scott, the youngest daughter, died from the same dread disease, membranous croup, after only a few hours illness.

The sympathy of every one in this community goes out to these doubly bereft parents.

May the consolations of that gospel which he so ably presents be vouch-safed to Mr. Severance and his good wife.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the muscles were the main target. Stomach muscles were the weak point, were very few fighters, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him or an ignoramus. Dr. Pierce is bringing to the public a painful fact that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach is utterly indifferent until disease attacks it, pleads and knocks us out. Make your search sound and strong by the use of Doctor Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot.

Dr. Pierce's "Golden Medical Discovery" has a specific effect upon all mucous surfaces and bones, cuts, etc., no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Cure, then follow with the "Cure" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read the following extract from the writings of eminent medical authorities endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R.V. Pierce, 111 Madison Street, New York. The book gives the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thoroughness guarantees the safety of his Medicine. Address will be sent free, paper-bound, for 21 cent stamps, or cloth-bound for 31 stamp. Address Dr. Pierce as above.

YOUTH'S COMPANION CALENDAR FOR 1908.

The publishers of The Youth's Companion will, as always at this season, present to every subscriber whose subscription (\$1.75) is paid for 1908 a beautiful calendar for the new year. Four paintings by artists of distinction are reproduced in the four panels of the Calendar by a process of color-painting which has been recently brought to remarkable excellence. The first of the panels is an inspiring sea scene, full of the beauty of the wide ocean and sky, and the joyous rush of the homeward-bound ship. The second is a fine cattle piece. The third picture an old mill at Zaan-dam—typical Dutch in treatment. The fourth panel depicts a "Girl with Rose"—a charming face, exquisite in color and expression. All the pictures are worthy of preservation long after 1908 has passed into the good old time.

HIGHLAND RAILROAD.

That the Kentucky Highland Railroad will be built on to Versailles there is now not the least doubt. When the road was first started many said that it would only reach as far as the distilleries located on Glenn's Creek. All indications now go to prove that they were mistaken in this supposition, and that the line will be constructed as speedily as possible to Versailles.

At present the road has been graded to a point beyond the Old Taylor distillery, and work is being pushed to the limit by the contractors, who hope to have many more miles of the line graded before they are compelled to cease operations by the advent of hard, wintry weather. Track laying has already progressed over a mile or more from the Frankfort end, and before Christmas cars will doubtless be in operation between this point and the Old Crow and Old Taylor distilleries.

No improvement that has come, with the rush of prosperity that centered at the Capital City since the permanent location of the seat of government in Frankfort, and the building of the new Capitol, will prove of more importance than the building of the Kentucky Highland. It is fraught with great possibilities for and will have a dominating effect on the future of this city. The transportation facilities of Frankfort will be benefited to a large extent, as it will place us in touch with the Southern and Louisville and Atlantic at Versailles, and otherwise help the home town in many ways.

KENTUCKY.

THE BURLEY TOBACCO COMPANY.

The election results in Kentucky are really not very surprising when we recall the recent history of the State. The true and tried leaders of the party have been gradually eliminated, well in hand, and the small fry have had the top. There was bound to be a sort of thing at some time, and the end is in sight.

Kentucky is normally a Democratic State. With the exception of the late Col. Wm. L. Yancey, who was side-tracked, Democratic candidates (during recent) were assassinated.

ago, the Republicans were

lounged, damaged,

tendency was continued.

Goebel became a martyr, and a certain set of small fry politicians have been thriving on that martyrdom ever since. Had Goebel not been murdered, he would long ago have been relegated to private life with the disapproval of the people of Kentucky.

Goebel was able, unashamed and entirely unscrupulous. He canvassed the State of Kentucky for Governor, with the result that he had only a trifle over 100 votes in a convention of over 4,000 delegates. Hardin and Stone together had eight or nine votes to Goebel's one. Yet by deceiving and betraying Stone, getting control of the organization and nervously unseating several hundred delegates, Goebel managed to secure the Democratic nomination. It was the most artful piece of highway robbery ever perpetrated against the Democracy of Kentucky.

The election that ensued Goebel was defeated, and the State election commissioners, who were Democratic, issued a certificate of election to the Republican candidate, Taylor. But Goebel, who was still a State Senator, held on to his purpose and got up a meeting before the Legislature in order to pluck the governorship as he had plucked the Democratic nomination. In short, he was planning a cold steel. It is hardly necessary to say that both parties lost their heads, and in the midst of the general excitement some fool Republican shot Goebel.

It was only natural that this murderer should react against the Republican party and make people forget the political sins of William Goebel. But the small fry collected around Goebel have been living on his murder ever since. They have let the real murderer—Henry Yousey—go in a measure, and have concentrated their efforts to bring about the hanging of Caleb Powers, who wasn't in Frankfort when Goebel was killed and who had been connected with the murderer only by transparent perjuries. The Powers case has been a greater stain on Kentucky than the Dreyfus case was on France, but France had the courage to correct her mistake.

Kentucky, however, has evidently grown tired of a steady diet of Goebel. The Democrats have made so many tactical mistakes in perpetuating the memory of that dastardly crime that the people have elected a Republican Governor. It is likely that Gov. Wilson will pardon Powers and right what seems to be a great wrong. We trust he will do this not only in the interest of justice, but in the interest of the people of Kentucky. It is time to put the Goebel case to sleep and resume normal ways.

Kentucky can not afford to live upon a memory.

BUCKET SHOP IN FRANKFORT.

The suit of Heise against Tucker, which was filed in the Circuit Court a few days since, would seem to disclose the fact that a brokerage business has been in operation in Frankfort for several months. Dr. Heise claims that he encroached the sum of \$250 to Mr. Tucker, the proprietor of the St. Clair street pool and billiard parlor, for the purpose of purchasing wheat, margins, and that the defendant failed and refused to make a proper accounting to the plaintiff in regard to his investment.

The case promises to prove quite an interesting one when it is called, and the best legal talent in the Capital is employed on either side of the controversy. Scott & Hamilton, and Guy Briggs will appear for the plaintiff, while the interest of the defendant will be looked after by Judge G. W. Williams.

HENRY COUNTY MAN DIES SUDDENLY.

Frank Morris, of New Castle, Henry county, died suddenly at the Petty boarding house, near the L. & N. depot, Sunday night. The dead man had been on a spree, and it is more than likely that his death was brought about, in large measure, by alcoholism. His family and friends were communicated with, in Henry county, but as they made no request that the body be held, the remains were buried at the expense of the city and the county.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defense for Pneumonia. To stop a cold with Preventics is safer than to let it run and be followed by pneumonia. Preventics is safe, and its virtues will cure even a deeply seated cold, but taken early—at the sneeze stage—they break it or stop it before it gets a chance to get settled. That's why they are called Preventics.

No Quinine—no opiate, nothing astringent. Nice for the children—and thoroughly safe too. If you feel that you have a cold coming on, take a dose of Preventics. Promptness may also save half your trouble. And it is for me, people say, there's no favoring, night or day. Herein probably lies Preventics' greatest efficiency. Sold in boxes for the pocket, also in the cases of Preventics. Basis on your druggist gives you

PARKER—in this city, on Monday, Mr. Michael Parker, aged seventy-five years.

Mr. Parker was a stone mason by trade, and followed his avocation industriously until the infirmities of age prevented. He was ardent member of the Catholic Church.

In most cases 'tis the kidneys. Doan's Kidney Pills are for the kidneys.

Mrs. Elizabeth Johnson, of 340 Blanton street, Frankfort, Ky., says:

"My son was greatly benefited by the use of Doan's Kidney Pills. Some time ago, he had a bad spell of rheumatism, and the attack was so severe that he was hardly able to move about. From that time on his kidneys seemed to be badly affected, for he complained a great deal of a steady dull aching across the back and sharp pains in his kidneys if he stooped to lift anything. A weakness of the kidney secretions was very annoying, especially at night, as it disturbed his rest. While looking over the papers one evening, I came across an advertisement about Doan's Kidney Pills, the claims made for this remedy so impressed me that I decided to have my son give them a trial. A box was procured at J. W. Gayle's drug store. At my request, he began taking them, and to my glad surprise, as well as his own, he noticed almost immediate relief. In a short time the backache had entirely left him, the difficulty with the secretions had been corrected, and he felt as well as ever again."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

"Constipation is the result of indigestion, biliousness, flatulence, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal mucous membranes, and all elements that rob life of its pleasures if they do not finally rob you of life itself."

"I'm bound in the bowls" is a common expression of people who look miserable and are miserable. Who persists in "letting nature take its course?"

(Communicated.)
THE FRANKFORT POLICE.

The metropolitan police force of Frankfort seems to have a reputation and a name. Whether this is due to the body as a whole or is the conspicuous record of individual acts by certain members, the line of reputation and fame seems to be a progressive one.

One member of the force kills the son of an estimable citizen "in the discharge of duty." Another member in police uniform, set as an officer of registration and under its overowering insignia catzchized voters as to their elective rights. Later he takes up a bully who is attempting to tear down the curtain from the election booth. Later still, he strikes a citizen in the face in a bar room because the latter had declared he had voted for the Republican ticket. No arrests, of course, and no apologies.

It has been held by the courts and all authorities on civil government that the highest duty of the guardians of the law is to protect the lives and liberty and the property of the citizen. If that is true, where, oh! Where would the Frankfort Police find a rest for their weary feet, and a name that some member would not tarnish?

SELLS HOUSE.

Mr. Harry Rogers has sold to Mr. Gidgel his house and lot on Conway street.

There is nothing better for stomach troubles than Kodol, which contains the same juices found in a fine, healthy stomach. Kodol is offered as a guarantee plan for the relief of heart burn, flatulence, sour stomach, belching of gas, nausea, and all other stomach troubles. As at times when you don't feel just right, when you are drowsy after meals, and your head aches, or when you have no ambition, and you are cross and irritable, take a little Kodol. It digests what you eat. It will make you healthy. Sold by South & Co.

FOUND DEAD IN BUGGY.

Mr. James McDonald (more familiarly known as "Long Jim"), was found dead sitting in his buggy, on Thursday morning, near the residence of Mr. Harry Shaw, on the Versailles Pike.

Coroner Graham was summoned and took charge of the body.

OPEN SEASON FOR GAME.

The close season for game expired on yesterday, and the country surrounding Frankfort was pretty well sprinkled with hunters from this city, who had gone out in search of quail and rabbits. Several nice bags of birds were brought in late in the afternoon, and the local sportsmen declare that quail are more plentiful than usual in this section this season.

FISH AND GAME STORE.

Mr. Leonard has opened up a fish and game store opposite the Capital Hotel, on Main street. This description of a business is quite new to Frankfort, but such a convenience is needed here, and the enterprise will no doubt prove a successful one.

You can't be well if you have a weak, unhealthy, tired out stomach. Neither can you feel good if by some little irregularity in eating you have caused the stomach to get out of order. These little stomach troubles are signs of indigestion, which may and very often do turn into a very bad case of dyspepsia. Don't allow this to go on a single day without doing something to overcome it. Take some good reliable and safe digestant like Kodol for dyspepsia. Kodol is the best remedy known today for heart burn, belching and all troubles arising from a disordered digestion. It is pleasant to take and afford relief promptly. Sold by South & Co.
